

RideECO PAYS FOR ITSELF AND EVERYONE GAINS.

RideECO can be offered in a variety of ways:

Payable by employees

- Commuters “buy” vouchers through pre-tax payroll deductions.

Paid in full by employer

- Commuters receive tax-free vouchers in addition to their salaries and other benefits.

Share the costs

- Employers pay a portion; employees pay the balance with pre-tax income.

No matter which method your company uses, employees can save every month. Plus, if employees pay all or part of the costs with pre-tax income, their employer saves in FICA-related taxes.

GRAB ONTO SAVINGS.

New RideECO.
Easy Commute Options
that can save you money.

  **RideECO**SM.org

Savings all around.

Commuters can save up to \$500 a year by setting aside pre-tax dollars for their commute each month. This money is then used to buy RideECO vouchers or transit fares, or to load a RideECO Select Card before taxes are taken out.

Employers save money by driving down payroll taxes with every dollar a commuter deducts. RideECO is authorized as a tax-free benefit by Section 132(f) of the U.S. Internal Revenue Code. The amount an employer spends or an employee deducts for RideECO is not subject to:

- FICA
- Unemployment
- Workers' Compensation/
Disability Insurance

All employer costs can be tax-deductible as a business expense. Please check with your tax advisor or accountant for details.

What is RideECO?

RideECO is the *new* name for the commuter benefit program from DVRPC. ECO means Easy Commute Options that can save you time and money. As always, RideECO allows employers and commuters to save by putting pre-tax dollars towards fares on public transportation and vanpools.

This is an employer-offered program so talk to your employer about RideECO today. Employers should visit RideECO.org or call **215-592-1800** to place an order.

Two ways to save

There are two flexible, money-saving programs open to you all year round.

RideECO is perfect for smaller companies with employees who all work from one location. A bulk supply of vouchers is delivered to your office for distribution to participants. It doesn't matter how large or small your organization is or how many people participate, your company still saves.

RideECO Select is the easiest way for employers to administer the RideECO program. Enrollment, ordering and invoice review can all be done online in minutes each month! RideECO Select is ideal for larger companies or those with multiple locations because employees can order online. Vouchers or Stored Value Cards are delivered directly to employees' home or office addresses. Even passes and tickets can be ordered and sent to employees now!

Stored Value Cards

Employees can have their RideECO Stored Value Card reloaded monthly. So there's no need for paper vouchers, making it the eco-friendly option. PATCO FREEDOM Cards can also be reloaded electronically each month.
